2. Full and exact title of Minor (copy from [current university catalog](#)):

Minor in Women's Studies

3. If the program received transformation funding, please summarize the transformative changes made:

In the past few years, new courses were added to the list of offerings for the minor. These are significant and important courses as they relate to the field of women's studies. However, the minor itself was not set up to properly incorporate these classes. As a "stand alone" minor, revisions were needed to adequately integrate these classes and bring the minor more in alignment with other women's studies minors offered at similar universities.

4. Minor Requirements (List all requirements for the minor):
