Closing the Loop: Programs will provide a narrative discussion of annual assessment results, analysis of those results, and any changes made as a result. This includes curriculum changes, pedagogy changes, changes in PLO's, course SLO's, etc. These results will be reported to CAPR.

Note: Political Science employs comprehensive assessment (that is assessment of the SLOs in all course assignments) in the capstone course. This cannot be reflected in the above template, which is a simplification. Political Science has also introduced, in 2015-2016, longitudinal analysis by comparing individual student SLO achievement in POSC 3030 (future 300) and POSC 4910 (future 499).
